

# What's New at Camp This Summer?

## Social Story

This summer, camp will look a little different.  
That's okay! Camp is still fun, safe, and welcoming.

### A New Building Is Being Built

Camp is building a new dorm.

It will help campers have more space, more accessibility, and more comfort.

The new building is not ready yet, but workers are building it.

### The Old Dorm Is Closed Right Now

The old dorm, called Hemlock, will be closed this summer.

It is getting worked on, so no one can go inside.

It will be fenced off and safe.

### Where Will I Sleep?

This summer, all campers will sleep in CY Lodge, the Yurt, or a Platform Tent.

These buildings are clean, cozy, and ready for everyone.

Staff will help me find my bunk and get comfortable.

### Will My Group Be the Same?

Groups will look the same with 8 campers, 8 counselors, and 2 staff members.

I will still have friends, counselors, and helpers.

The staff will support me whenever I need help.

## What About Noise?

Sometimes I might hear construction sounds, like beeping or tools.

That's okay – it means the builders are doing their job.

If the noise bothers me, I can ask for:

- Headphones
- A quiet space
- A break with a counselor

## Are Activities Still Happening?

Yes! I will still do my favorite camp activities.

I can still swim, do arts and crafts, sing, go to adventure, ride horses, and more.

The construction area is NOT for campers.

I will stay away from it to stay safe.

## Camp Is Still Camp!

Even with some changes, camp will still be fun.

I will have helpers, friends, and routines to follow.

I can always ask questions if I'm unsure.

## **It's Going to Be a Great Summer!**
