RETREAT GUIDE

WHERE ADVENTURE AWAITS...

WHY STAY AT MT. HOOD KIWANIS CAMP?

There are few places where individuals with developmental disabilities can spend a week joyfully focusing on their abilities. For over 85 years, Mt. Hood Kiwanis Camp (MHKC) has offered incredible outdoor recreational programming for campers with developmental, intellectual, and physical disabilities at our fully accessible 22-acre campsite in the Mt. Hood National Forest.

On any given summer day, our campers are catching fish, soaring on the adventure course and zipline, splashing at the pool, riding a horse for the first time, and dancing the night away at the campfire. ADA accessible trails and innovations such as adaptive saddles, harnesses, and bicycles make the traditional camp experience available to all. Camp doesn't just offer outdoor activities, it offers a chance for people of all abilities to make new friends and build community in a friendly, non-judgmental environment where they can feel empowered and included.

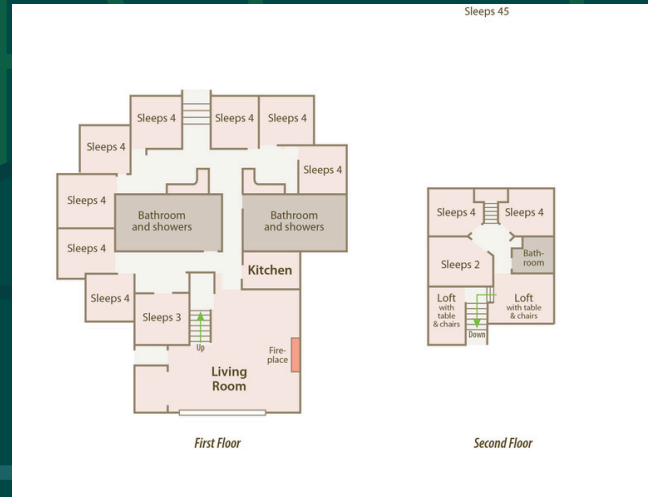

To help aid us in this mission, we open our doors each off-season to weddings, youth groups, family reunions, mountain getaways, and so much more! By choosing to rent our facilities, you are choosing to provide life-changing and empowering experiences for children and adults with disabilities. You make it so we can touch the lives of over 500 individuals, and their families, each year. Thank you for considering Mt. Hood Kiwanis Camp. We cannot wait to help you plan your next group retreat!
